WORK EXPERIENCE

Pareto Logistics

Jan. 23 – Jun. 24

Founder

Stockholm, Sweden

- Pareto Logistics uses AI, and software to automate and optimize decision making in warehouse facilities.
- As a solo Founder, I fully managed designing, building, and selling the UI/UX based logistics software.
 - Successfully launched and implemented the platform at one of the largest 3PL firms in Sweden.
 - Hundreds of daily users, over 25 000+ picking routes optimized, and >1300km picking distance saved.
- Developed on top of GCP featuring a Next.js frontend and local Power BI/Automate integrations.

Sting Alumni, Tixy-NFT

Jul 2022 – Jan 2023

Co-Founder & Head of Product

Stockholm, Sweden

- Tixy-NFT (VC backed) was the first blockchain based ticketing platform without the need of a crypto wallet.
 - **Developed and Launched** the Beta version of the platform on web and mobile.
 - Managed interns and led sales efforts across 100s of organizations in the sports, and events industry.
- Went through technical due diligence and security audits on the software and blockchain solutions.

Self-employed

Jan 2023 – Ongoing

IT-consultant

Stockholm, Sweden

- Consultancy work for large international clients such as Sodexo, and smaller local finance firms and startups.

PWC

Feb 2020 – Dec 2020

Assurance

Stockholm, Sweden

- I worked in the Assurance department part time during my time at KTH.
- Primarily worked with smaller companies which meant a lot of responsibility from onboarding to delivery.

Svenska Brassierier, Scandic Continental

Aug 2018– Jan 2020

Bartender

Stockholm, Sweden

- Bartending gave invaluable experiences in stress management, hospitality, and mixology.

EDUCATION

KTH Royal Institute of Technology

Aug 2018 – Jun 2024

MSc in Engineering (Civilingenjörsexamen)

Stockholm, Sweden

- Mechanical Engineering with a master's specializing in Applied Mathematics

Stockholm University

Aug 2017 – Jun 2021

Bachelor of Science in Business and Economics, Finance

Stockholm, Sweden
